

GIRLS, GIRLS, GIRLS

Sunday, the 21st of December, the men of Bravo gave a Christmas party to the little Montagnard girls of Our Lady of the Lakes Mission located in Song Be. Forty girls took over the battery exploring the bunkers and making new friends. A full course Vietnamese meal was served followed by a visit from Santa Claus himself who gave each girl a present. Two bicycles and many presents were given to the school and the children.

NEW ARRIVALS

New arrivals this month to Bravo Pattery were: Charles Paul, Roland Norder, Leonard Perry, George Snetterly, Gordon Paul, John Bradshaw, Robert Ford, Robert Dennison, David Potts, and Ronald Johnson.

THEY'RE GOING TO MAKE A BIG STAR OUT OF MY

Recently, correspondents from the battalion and the II Field Force Public Information Office filmed some of Bravo Battery's artillerymen in action. The 16mm color movies that were shot have been sent to the hometowns of these men for release to local TV stations. Keep your eyes open for the local listings, time, and station. You may even see them after the late, late show one of these evenings.

A HELPING HAND

Brave Battery continued its vigorous participation in civic action projects being conducted in the Song Be City area. The men of Camp Martin are spending their free time helping Sr. Thomas with the construction of her Montagnard Girl's School.
